

# IAN BEARD

## FULL STACK WEB DEVELOPER

(727) 459-1396 – ianbeard0159@gmail.com

### ABOUT ME

I am a young, aspiring programmer looking for my first full time web development job.

### APPLICABLE SKILLS

- HTML
- JavaScript
- Node JS
- Express.js
- CSS
- Python
- Flask
- SQL

### EDUCATION

*Palm Harbor University  
High School*  
(2010 - 2014)

Passed several AP classes and took a number of engineering based electives.

*Florida Polytechnic  
University*  
(2014 - 2017)

Earned 99 credits towards a bachelors degree in computer engineering, with a concentration in machine intelligence.

### WORK EXPERIENCE

*Cashier*  
(2014 - 2016)

Worked as a cashier at Target while pursuing a degree at Florida Polytechnic University.

*Student Lab Technician*  
(2016 - 2017)

Produced and edited videos for Florida Polytechnic University, using Adobe Premiere, After Effects, and Photoshop.

Also responsible for organizing and managing lab projects along with the lab supervisor.

*Web Development Intern*  
(2017)

Completed a three month internship with Foundation Mercury during the summer of 2017.

Worked on front end projects with HTML, JavaScript, and CSS. Also used Python and Flask to develop back end applications and used Selenium to automate collecting data from public records.

### PERSONAL EXPERIENCE

*Color Picker Application*

Application:
